## SCL SUPER-STRIP

### POWERFUL INDUSTRIAL STRENGTH WATER-BASED "NO RINSE" FLOOR STRIPPER

**SCL SUPER-STRIP** is an industrial grade, concentrated emulsion floor stripper that dissolves the heaviest build-up of polishes and finishes, leaving little or no residue.

#### ADVANTAGES

- ECONOMICAL - **SCL SUPER-STRIP** can be diluted up to 1:20 with water
- EFFECTIVE - **SCL SUPER-STRIP**'s powerful formulation reduces stripping and scrubbing times.
- SAVES WORK - **SCL SUPER-STRIP**'s "no rinse", low foaming formulation dissolves even burnished finishes and will not "gum up" the stripping pads.

#### INSTRUCTIONS FOR USE / HANDLING

Ensure that adequate ventilation is provided. In confined areas, use respirators approved for "organic vapors". **SCL SUPER-STRIP** can be used to effectively remove heavy build-up of floor finishes from vinyl, terrazzo, concrete, rubber, non-glazed ceramic and quarry tile. For the most rapid results, an automatic floor scrubber should be used.

#### DILUTION

For heavy build-up, especially aged and heavily burnished floors, dilute 1 part cold water to one part **SCL SUPER-STRIP**.

For normal build-up, dilute one part **SCL SUPER-STRIP** with two parts cold water.

#### APPLICATION

**SCL SUPER-STRIP** can be applied with a mop to a small area, so as not to allow product to dry out.

Allow to stand for five minutes. Agitate with a mop and vacuum solution using a wet-vac machine.

Ensure that the floor is thoroughly dried-out before applying new finish.

**SCL SUPER-STRIP** can be used with floor scrubbing machines using a black stripping pad. Dilute one part **SCL SUPER-STRIP** to 15 or 20 parts water (dilution depends on floor conditions).

Revision # 02

Dated: May 01 2003

Authorization: MA

## GENERAL PROPERTIES

Appearance	- Clear, colourless liquid
Odor	- Solvent/Sassafras
pH	- N/A
Composition	- Detergent Builders, special surfactants & solvents

## CAUTION / FIRST AID

Avoid contact with skin/eyes/clothing. Use in a well-ventilated area. Keep away from children. DO NOT ingest.

**Excess Inhalation:** Move to well ventilated area

**Contact with Eyes:** Flush with water for 15 minutes and consult a physician if irritation persists.

**For Sensitive Skin:** Wash thoroughly with soap and water.

**In Case of Ingestion:** DO NOT induce vomiting. Give water, milk, egg white/gelatin. Seek medical attention.

## OTHER SCL PRODUCTS INCLUDE

### **SCL FLOOR CARE SYSTEM**

- **PROTAIN NC** (Neutral Floor Cleaner & Maintainer)
- **PROSEAL** (Sealer)
- **PROGLOSS PREMIUM** (Finisher)
