TECHNICAL DATA

PROTAIN CS-919

FAST DRYING CARPET & UPHOLSTERY CLEANER

PROTAIN CS-919 is specially formulated for use in modern equipment as a carpet shampoo. Carefully formulated with specific materials that produce dirt-lifting foam immediately, during and after agitation whilst other materials ensures total breakdown of the foam, when the dirty solution is being vacuumed.

Special brightening agents will make colors sparkle and even brand new carpets can't shrink when the solution is used as directed. In addition, special soil resistant chemicals "seals" clean fibers to resist re-soiling.

ADVANTAGES

COST EFFECTIVE - saves time as it significantly reduces the amount of time the operator is required to empty the vacuum.

FAST DRYING - formulated with a drying agent and special brightening enhancers.

INSTRUCTIONS FOR USE

Mix solution of one part **PROTAIN CS919** to eight parts of water and use as specified by the appropriate equipment manufacturers. Spot clean heavy soils, stains and chewing gum.

Shampoo carpet using only enough solution to produce a light foaming action.

DO NOT OVER-WET CARPET.

After agitation with the machine, vacuum all treated areas with a wet vacuum. Allow to dry thoroughly before replacement of furniture. Treated areas will dry in 3 - 4 hours.

Revision #02

Date: 01 Feb 2004

Authorization: MA

GENERAL PROPERTIES

Appearance - Clear blue / green liquid
Odor - Banana
Specific Gravity - 1.050 - 1.055

CAUTION

Keep away from children and avoid ingestion. Avoid contamination of food.
Avoid contact with eyes.

OTHER SCL PRODUCTS INCLUDE:

HS310 - Liquid Hand Soap
